

CHECK-IN

CHECK-OUT

*Appalachian Animal Hospital*  
**BUNKHOUSE BOARDING AGREEMENT**

DATE: \_\_\_\_\_

DATE: \_\_\_\_\_

Pet's Name: \_\_\_\_\_  Dog  Cat

*It is **strongly recommended** that you have your dog vaccinated for **Canine Influenza H3N8** before boarding your pet. The canine influenza vaccine is delivered in 2 separate vaccinations--3 weeks apart then annually thereafter.*

- I understand the risks of Canine Influenza H3N8, but I DECLINE the vaccination.
- I would like to for my dog to receive the first **Canine Influenza H3N8** Vaccine while boarding. (2nd vax due in 3 weeks)

**This agreement allows Appalachian Animal Hospital to board the above named pet for an agreed set number of days. Please Read Carefully**

- WE WILL BOARD ONE PET PER RUN, KENNEL OR CAT CONDO UNLESS OTHERWISE SPECIFIED.**
  - I want my pets boarded in the same run, kennel or cat condo. (number of pets: \_\_\_\_\_)  
*If pets that are set up to board in the same kennel together become aggressive toward one another, for their safety, we will separate them into their own kennels. Owner will be responsible for the additional kennel fees from the time they are separated.*
- ALL Vaccinations must be up-to-date, and dogs must have had a Kennel Cough within the past 6 months. Proof of Vaccinations is required, or we will need to re-vaccinate. (additional charges apply)**
- If your pet becomes sick and needs medical attention, we will try to contact you and/or your emergency contact. If we cannot reach you, we will start treatment if a life-threatening situation exists.**
- All pets will be checked for fleas, ticks and lice upon arrival. If external parasites are found, they will be treated immediately and the charges placed on your account.**
- BUNKHOUSE Drop-off & Pick-up Times:**  
**WEEKDAYS: 9:00 am - 5:30 pm (Closed Tuesdays 12-2 pm) SATURDAYS: 9:30 am - 11:30 am**  
**WE ARE UNABLE TO ARRANGE SUNDAY or HOLIDAY PICK-UPS or DROP-OFFS.**

After 3 nights of boarding, we will give our Doggie Bunkhouse Guests a Complimentary Bath the night before they go home.  
 I prefer for my dog NOT to get a bath before checking out of the BUNKHOUSE.

**CONTACT INFORMATION:** Cell: \_\_\_\_\_ Text: \_\_\_\_\_  
Is there a way we can reach you if needed? Home: \_\_\_\_\_ Email: \_\_\_\_\_

**EMERGENCY contact:** (in the event that we cannot reach you)  
Name: \_\_\_\_\_ Phone: \_\_\_\_\_

If someone other than yourself will be picking up your pet, please let us know ahead of time. No animal will go home with anyone other than the owner unless prior arrangements have been made.  
 I will pick up my pet.  I give permission for \_\_\_\_\_ to pick up my pet for me.

*[Staff: Please add above information to patient's chart AND write on the board in treatment.]*

**BOARDING PUPPIES AND KITTENS under 6 months of age**

*Because we are a hospital, we discourage puppies and kittens under the age of 6 months to board in the Bunkhouse. Even if their entire series of vaccinations is completed, their immunity is not complete, and they could possibly contract a disease from a pet kept in our hospital area. We do our best to keep all areas clean and sick pets isolated, but your puppy or kitten could be exposed to infectious diseases.*

*I understand that my pet could be exposed to infectious diseases and take responsibility for the cost of treating my pet if he/she becomes sick while boarding. I understand that this is an increased risk because my pet is 6 months old or younger.*

**IMPORTANT---PLEASE READ**

I have read and understand all of the above items.
